and Emergency Services**

College of Applied Science and Technology

EMERGENCY MANAGEMENT AND HOMELAND SECURITY

This program continues to grow as disasters and major emergencies become more frequent and costly, and as responses to them continue to become more complex. Federal and state legislation has increased the demand at all levels of government, business, and industry for well-educated individuals skilled in emergency planning and preparedness.

DEGREES AND MINORS

- Bachelor of Science in Emergency Management and Homeland Security
- Minor in Emergency Management and Homeland Security
- Minor in Computer Security
- Minor in Computer Forensics
