"We RISE by Lifting Others."

WHO WE ARE:

The purpose of this organization is to provide meaningful programming, tutoring, and positive role models to young children struggling with homelessness, so that they can learn, grow, and develop in a safe and loving environment.

Our goal is to not only further develop the current programs and effort of **Project RISE** in the community, but also to create and implement new ideas of outreach and programming to better the daily lives of children in the shelters.
