

Policies for the Non-Thesis MSEE Program

- The non-thesis MS degree requires 33 credits of graduate coursework.

ECE courses (4400, 4450):	18 credits
Mathematics (3450):	6 credits
Approved electives:	9 credits
Total:	33 credits

- The Plan of Study must be approved by the advisory committee before 12 credits are completed.
- Students in the non-thesis MS program must pass an oral comprehensive exam, administered by the advisory committee, after completing no less than 24 credits of graduate coursework.
- MS students on assistantship are not allowed to enroll in the non-thesis program.
- MS or PhD Graduate students who have been supported on assistantship for more than one semester will not be allowed to transfer to the non-thesis MS program.

Coursework Policies:

- Rules applying to the approved electives and to the allowable substitutions for ECE and Mathematics courses are the same as those for the thesis option.
- At least 18 credits must be at or above the 600 level.
- At most 6 credits are allowed to be Special Topics or Special Problems.
