DR. HILLARY NUNN, ENGLISH

EX[L]

Using sources at The UA Archives and Special Collections and the Hower House Museum, students will explore the role Grace Hower played in Akron's theatrical community in the early twentieth century to help establish Akron's Weathervane Playhouse. We will then use tools like blogs, websites, digital archives, and Instagram feeds to bring the story to new audiences and learn not just about Weathervane's early days, but the wide array of people involved in its success. No digital experience necessary! [Un]classes fulfill an Honors Colloquia Requirement.
