PEER REVIEWERS

Download the Federal Compliance Overview and Instructions for Peer Reviewers at hlcommission.org/federal-compliance. The institution's Federal Compliance Filing and supporting documentation are provided below.

Federal Compliance reviewer: Use the template provided in the Rationale section to enter the preliminary findings for each component of Federal Compliance. The findings should include one of the following conclusions for each component as well as a rationale that fully supports the conclusion:

- The institution meets HLC's requirements.
- The institution does not meet HLC's requirements.

If the reviewer recommends monitoring for any Federal Compliance component, provide that information in the Interim Monitoring section. Describe what improvement is needed as well as how HLC would determine the institution has resolved the issue. In the Rating field, select the drop-down option that reflects the reviewer's preliminary findings.

Notify the team chair when the draft evaluation is complete, no later than one week before the team's on-site visit.

Evaluation team: While conducting the visit, the peer review team determines whether the preliminary findings made by the Federal Compliance reviewer accurately represent the institution's compliance with all applicable requirements. If necessary, adjust the rating, preliminary findings and rationale provided by the Federal Compliance reviewer. All information in the rationale should explain the findings ultimately selected. Specific instructions addressed directly to the evaluation team by the Federal Compliance Reviewer should be removed. Ensure that one of the conclusions listed above is provided for each Federal Compliance component in the Rationale section.

If the team finds that there are substantive issues related to the institution's compliance with the Criteria for Accreditation, address those issues within the appropriate Core Component sections of the Review tab.
