Goals:

Goal/Metric	Accomplished	In Progress	Not Accomplished
Create weekly announcements for the Digest giving information on ways faculty and staff can support and engage students as well as resources available and where they can be found. Encourage and support faculty in their consistent use of Brightspace across all courses by partnering with APC, with the minimum expectation of posting syllabi and utilizing the gradebook.	x		
Work with ZipAssist, Counseling and Testing, Adult Focus, UCM and others to consolidate and update the campus resources webpage and information contained on it.		x	
Review and approve the University Completion Plan	x		

What were your top two successes?

1. We reached out to various departments across campus and posted weekly Digest announcements to help get information out to all faculty and staff on ways to improve student success and engagement. He committee received positive feedback on this initiative. Through this process we found that many groups already had posts set or when we reached out to them they decided to submit announcements of their own so we will scale this back if we continue to do it in the coming year.
2. We provided feedback to UCM about updating the Faculty/Staff and Current Student webpages. The updates should be completed by the end of summer 2022.

What were your top two challenges?

1. We still have a hard time with committee membership turnover and participation from all members. We have a core group of six – eight but many of the others do not attend meetings. It is difficult to get things done with only half of the committee present and engaged.
- 2.
