Agenda & Minutes:

Due to the lack of a quorum for the meeting, all changes related to the Communications Method Table will be provided electronically to all the committee members for final review and approval.

Reviewing Communications Method Table:

Faii asked for any changes or issues with the Communications Method Table which was provided to all committee members in advance of the meeting. John outlined that Microsoft had dropped Yammer and completely integrated the functionality in Yammer within Microsoft Viva Engage. Because of this, Yammer should be removed from the table.

There was some discussion over the functionality of Microsoft Viva Goals. John outlined this was used for strategic planning purposes and the Provost and Provost Fellows were looking at incorporating this tool as part of the University's AKR process.

Reviewing Z-Alert Utilization:

John outlined that parents and other outside parties could not automatically be set up to opt in to the Z-Alert system. Groups agreed that students and employees would be automatically opted-in and external parties would have to manually opt-in as part of sign-up process.

Adjournment: Meeting adjourned at 9:47
