New Business:

LMS

- John put several documents in our Teams folder from Gartner and Tambellini on LMS research. That research confirms that there are two leading vendors: D2L and Canvas.
- John reached out to Ohio University, Kent State and Ohio State for any documentation they might have. Ohio State is not willing to provide too much information. Ohio University (most recent at 2 ½ years ago and which took 2 years from RFP to implementation) and Kent Sate provided their RFPs.
- John also has information from other institutions, like the University of Memphis, where they show how they rated the different vendors. However, in all cases, it was always the top three: D2L, Canvas and Blackboard.
- At our next meeting we will review the information collected so far and decide whether it makes sense or not to move forward with the RFP process.

Action Items:

- John will go through the research already collected to summarize our topic points and will post in our Teams folder. He will also try to schedule a meeting with a Gardner advisor.

Classroom Technology Feedback Survey

- Karima sent an email to the departments of Finance, Management, Marketing, Math, Biology, Communication, Education and Philosophy explaining that the survey is coming out.
- Karima had the survey run in the Digest for 4 days. The survey will remain open until February 28. We will then review the results at our next meeting.

Action items

- Karima to send Sheau her department email and Sheau will forward it to the secretary to the Dean of College of Health and Human Science for the secretary to send it out to the faculty listserv.
- Karima will send out a reminder in the Digest before the survey ends.
- John will have the survey put on MyAkron.
