The topic submissions have been addressed by Dr. Messina with the appropriate parties. Dr. Cerrone shared the documents with the committee and led a discussion about how these have been handled.

Topic Submission 21-0913-01 - Student Showcase: colleges used to have undergraduate research fairs and expositions pre-covid. My thought would be that this really be led by graduate school and undergraduate research.

Topic Submission 21-0913-02 - Student Ready: This is something that the New Vice Provost for Student Pathways plans to address. We will work with her as needed.

Topic Submission Code: 21-1105-01 - Guaranteed Student Asst Jobs for Incoming Freshmen: We have a student employment strategic initiative focusing specifically on first year students and employment. COVID limited deployment but the opportunity will exist in this fall. We can further develop with student employment as appropriate. Departments and Offices should post jobs through Handshake.

Dr. Messina briefly addressed Greg Dieringer's question about why we no longer use NSSE data. National research & data can/will be restarted but there are better resources/places other than NSSE to obtain data. We also need to make sure that we actually use it. A stronger institutional research team is needed.

Dr. Cerrone has been in contact with Jermel Wilkerson on updates. The hope is to see updates by the end of June.

A poll will be sent out to determine the next meeting day and time.

The meeting was adjourned at 11:30 a.m. by unanimous consent.

8. If you have a document that provides supporting materials for this month's work, upload here. This attachment should not be the monthly minutes (minutes should be submitted in #7 above).
